

PUPIL VOICE

We want to listen to your views and opinions and will ask what you think about the things we are planning and doing in our school.

We are going to work together on our school values and how to make it the best school

We are going to think about our school values and learn how we can support each other and be friendly.

NUMERACY

Mathematics is great for helping us learn - so we want P2 - P7 to ensure they achieve 500-1000 points every week and then you'll get great rewards and prizes.

We will be enjoying mental maths every day and helping you learn strategies for adding, subtracting, multiplying and dividing.

We need you to spend time each evening working on your maths facts.

CCEA have resources to support parents to help their children.

NURTURING

We are nurturing school and we want you to find the best way of learning - sometimes this means using sensory toys, mini games, or breathing exercises. We will also look at classroom games, primary movement and have a CALM box in our room.

Staff have attended training in August to help us improve the playground area and we have lots of great games to play during break and lunchtime.

We want you to show friendship to others and help support other children in your class.

ICT

From P3 we are going to work on Coding and we are all going to be able to log on ourselves.

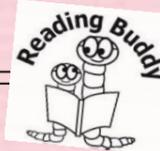

OUTDOOR LEARNING (FOREST SCHOOLS)

Mrs Keys and Mrs Stewart are going to help the other teachers introduce forest schools to all our classrooms. We are going to take lessons outdoors each week to help us all engage and enjoy learning outdoors.

LITERACY: Spellings

We are going to work hard to improve our spellings and make sure we are spelling correctly in our writing.

Teachers have attended training to help them teach you spelling ideas and strategies. We will spend time each day working on spellings in school this year. You need to work at home each night.

SEN

Mrs Spence will also be helping some children set targets for their learning and talk to them about how they are getting on. Some children will have their own personal learning plan and Mrs Spence will chat to you and help set targets for you, your teacher and your assistant.

Sustrans

We want everyone to be healthy and active in our school, so walking, cycling or scooting to school is encouraged one day each week. We will have cycling workshops and hope to apply for our Gold Award.

Literacy: Reading

We want everyone in our school to enjoy reading and have time to read.

We are going to introduce our silent reading for 5 minutes after break and lunch - this can be a library book or one you bring in from home. Later in the year P7 will spend time reading with P1/2 and become reading buddies.

Reading is the **KEY** to learning

Child Protection

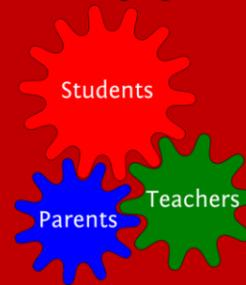

Mrs Keys will help us to know who to talk to in school and will take assemblies each term.

We will work with other local schools to provide an Online Safety Evening in 2023.

We will update our policy. A new Operation Encompass Programme will bring schools closer with other organisations like social services and PSNI.

Education works best when all the parts are working together.

Augher CPS:

School Development Plan

What we are working on and how we going to improve our school

Parents & Carers

We will have a curriculum night in September.

You can use teachers' email address to communicate and through Home Learning.

We have interviews in November and April/May to update and keep you informed.

We would love you to join our PTFA.

There will be opportunities to come into school at Christmas, healthy breakfast and Sports Day to name a few.

Community Links

We will restart our Shared Education lessons with Carrnall and St Macartan's PS. We are going to focus on Outdoor learning and Forest Schools in our shared lessons.

We are pleased to have our local ministers coming along to assemblies each Friday.

Ulster Scots are providing some funding for our singing and dancing PE sessions.

Board of Governors

We are attending training with CSSC to help us consider the school ethos, vision and values going forward after the pandemic.

We meet each term to lead and manage school business and administration.

You will see us at important school events and our pictures are up around school.

After Schools & Breakfast Club

We will provide lots of activities for after schools and opportunities for developing new skills. In Breakfast Club and After Schools we will help with homework and give you time to relax and chill out.
